*\*Finish is only available without warranty. A high surface temperature is caused by the color's dark pigmentation. Therefore, no guarantee can be provided that this colour option will withstand long-term external exposure.*

## ALTERNATIVE FINISHES

Timber can also be painted in RAL colours. These colours can be viewed at [www.ralcolorchart.com](http://www.ralcolorchart.com). Colour matching is also possible, if samples are made available. Please contact us for more information.
